## “Where Can I Access My Library Resources?”

## Off-Campus Access via EZProxy

Use your UTSW username and password to login at the EZProxy page, when prompted.

You must login to your UT Southwestern EZProxy account every 90 days to maintain uninterrupted access to Library resources including full text. Failure to do so may cancel your account and require departmental intervention to reinstate it.

## Key Library Resources App (Android & iOS)

 **AccessMedicine** – Includes textbooks (*Harrison's Principles of Internal Medicine* and *Current Diagnosis & Treatment*), multimedia library, differential diagnosis tool, reference tools, Lange's self-assessments, patient education, images, drug database, and cases.

**AccessPharmacy** – Comprehensive online pharmacy resource allows users to explore references, search curriculum topics, and research drugs and supplements.

 **ClinicalKey** – Covers over 30 medical specialties and includes full text textbooks, full text journals, clinical procedure videos, drug information, point of care decision support, patient handouts and CME.

**Cochrane Library** – Evidence-based systematic reviews, useful for clinical decision making.

**Embase (Ovid)** – Contains over 31 million bibliographic records in peer-reviewed journals, including 2,900 unique titles not found in MEDLINE.

**EndNote** – Campus-supported citation management software organizes references and creates bibliographies accurately and efficiently. Available for both Windows and Mac.

**JoVE (Journal of Visual Experiments) Science Education** – PubMed peer reviewed scientific video journal focuses on basic methods in cellular and molecular biology, general laboratory techniques, and the essentials of biology through simple, easy to understand video demonstrations.

**MEDLINE (via Ovid MEDLINE and PubMed)** – Major database of biomedical journal article citations. PubMed4Hh App is available for mobile devices.

 **Micromedex** – Comprehensive drug, toxicology, and patient education information. Includes NeoFax/Pediatrics, which provides evidence-based drug information for neonatal & pediatric populations. UT Southwestern Gold Standard.

**PsycINFO (Ovid)** – Covers literature since 1987 in psychology and related disciplines.

### Library Services for Medical Students

Academic Poster Support  
Anatomical Model Study Room  
Course Reserves and Reference Books  
Digital Media Production Studio with 3D Printer & Adobe Suite  
EndNote Support  
Group Orientations & Classes  
Individual Training  
Interlibrary Loan  
Online Tutorials  
Research Literature Searches

 **STAT!Ref** - Intuitive full-text resource that enables users to cross-search and customize evidence-based and authoritative healthcare references. Includes BoardVitals, a resource to review for USMLE Step 1, Step 2 (CK & CS), and Step 3.

 **UpToDate** – Concise recommendations for diagnosis, management and therapy. Some entries link directly to VisualDx. Users can earn CME credits.

**USMLE Easy** – Registration required. Provides essential information to prepare for the USMLE Step 1, Step 2 CK, and Step 3. Thousands of online questions covering all the disciplines and organ systems with customization options.

 **VisualDx** – Image-based differential diagnosis tool that is designed to help quickly identify diseases or conditions at the point of care.

## Library Subject Portals

**Clinical Reference Portal** – Multi-resource directory of the Library's clinical/patient care resources which includes online journals and clinical textbooks, point-of-care and biomedical literature databases, and drugs and laboratory reference tools, patient education and more.

**Evidence-Based Practice (EBP) Portal** – Multi-resource directory of the Library's best EBM resources, organized in the EBP Pyramid's three categories: filtered/pre-appraised resources, unfiltered/unappraised resources and background information resources.

**Databases Portal** – A selected list of major licensed and freely available databases by subject, including medicine, genetics, biology, and multidisciplinary topics.

**Mobile Resources Portal** – List of UT Southwestern subscribed resources available on mobile devices for iOS and Android platforms.

### Getting to Full-Text Articles and Journals

Start at the Library's website to activate "Get Full Text" & "Find It!" icon links within databases to access full text, Interlibrary Loan (ILLiad), and Ejournal AtoZ.

Search Ejournal AtoZ to access current Library online journals.

### Finding Ebooks and Print Resources

Search the Library Catalog to access ebooks. Register for an Interlibrary Loan (ILLiad) account to request any items we do not own or are located at the UT/TAMU Systems Joint Library Facility (JLF).

### Access issue with an Ejournal or Ebook?

Use iHUB Chat Monday through Friday, 10 a.m to 4 p.m., or Ask Us form.
