

# USING EJOURNALS A TO Z

EJournals A to Z provides access to the full text of all the Library's electronic journal subscriptions in a single place.

Use E journals A to Z when you:

- Want to search for a particular journal
- Find a specific article for which you already have the citation

## To use E journals A to Z:

1. Go to the Library's E journals A to Z web page.

The screenshot shows the E journals A to Z website interface. At the top, there are navigation links: Search Ebooks in Catalog, Top E journals, Interlibrary Loan (ILLiad), FAQ/Tutorials, Ask Us, Preferences, and Language. The main heading is 'EJOURNALS A TO Z'. Below this is a search bar with the text 'Nuclear Med' and a 'Search' button. A dropdown menu is open, listing the following journals: Nuclear medical and imaging sciences (NMIS), European Journal of Nuclear Medicine and Molecular Imaging, The Journal of Nuclear Medicine: JNM, Journal of Nuclear Medicine Technology, Nuclear Medicine and Biology, Indian Journal of Nuclear Medicine, Nuclear medicine, Iranian journal of nuclear medicine, American Journal of Nuclear Medicine and Molecular Imaging, and World Journal of Nuclear Medicine. Below the search bar is a 'Browse by Discipline' section with a grid of disciplines and their respective resource counts: Agriculture & Agribusiness (549), Anatomy & Physiology (225), Anthropology (217), Applied Sciences (288), Consumer Health (86), Dance (20), Dentistry (176), Diplomacy & International Relations (248), Information Technology (365), Language & Linguistics (402), Law (1121), Library & Information Science (281), Political Science (355), Politics & Government (1506), Power & Energy (198), and Psychology (1148).

2. Start typing a keyword in the journal title. It will start to auto-populate with the top 10 most popular findings that match this word(s) from the Library's e journal collection. If you don't see it in the pull-down menu, click the blue "Search" button for all the listings matching this.
3. Scroll down until you find the journal you want.

The Library frequently has subscriptions from multiple sources.

Choose the link that contains the year of the article you need.

**BEST  
OPTION  
FOR  
MOST  
CURRENT**

1. [European Journal of Nuclear Medicine and Molecular Imaging](#)  
ISSN: 1619-7070, 1619-7089. Subjects: Medical Imaging, Nuclear Medicine. Resource Type: Journal.  
Full Text Access  
[Academic Search Complete](#) 01/01/2002 - present (Full Text Delay: 1 year)  
[CINAHL Complete](#) 01/01/2002 - present (Full Text Delay: 1 year)  
[Health Source: Nursing/Academic Edition](#) 01/01/2002 - present (Full Text Delay: 1 year)  
[SpringerLINK Journals](#) 03/01/1976 - present

*A Full Text Delay (a.k.a embargo) means the publisher has placed a specific time restriction on access to a journal's issue.*

If the only option is a "Full Text Delay" article, try your Library's [Interlibrary Loan \(ILLiad\) Service](#) to obtain it.

- If you are not on the UT Southwestern campus and do not have a VPN connection, you will be asked to log in to EZProxy. Enter your Southwestern ID username and password. You will stay logged in until you close that window.
- You will now be taken to that source's archive for the journal. Choose the volume and issue you need. The appearance of the archive may be different depending on the source.
