KEY RESOURCES FOR RESIDENTS

AccessMedicine – Includes textbooks (Harrison’s Principles of Internal Medicine and Current Diagnosis & Treatment), multimedia library, differential diagnosis tool, reference tools, Lange’s self-assessments, patient education, images, drug database, and cases.

AccessPharmacy – Comprehensive online pharmacy resource allows users to explore references, search curriculum topics, and research drugs and supplements.

ClinicalKey – Covers over 30 medical specialties and includes full text textbooks, full text journals, clinical procedure videos, drug information, point of care decision support, patient handouts and CME.

Cochrane Library – Evidence-based systematic reviews, useful for clinical decision making.

Embase (Ovid) – Contains over 31 million bibliographic records in peer-reviewed journals, including 2,900 unique titles not found in MEDLINE.

EndNote – Campus-supported citation management software organizes references and creates bibliographies accurately and efficiently. Available for both Windows and Mac.

MEDLINE (via Ovid MEDLINE and PubMed) – Major database of biomedical journal article citations. PubMed4Hh App is available for mobile devices.

Micromedex – Comprehensive drug, toxicology, and patient education information. Includes NeoFax/Pediatrics, which provides evidence-based drug information for neonatal & pediatric populations. UT Southwestern Gold Standard.

PsycINFO (Ovid) – Covers literature since 1987 in psychology and related disciplines.

SciVal Funding – Comprehensive source of funding information available from private foundations, public agencies, national and local governments, corporations, and more.

Scopus – Largest abstract and citation database for research literature and peer-reviewed web sources in the physical, health, life, and social sciences. Covers journals from 1966 to the present.

STAT!Ref - Intuitive full-text resource that enables users to cross-search and customize evidence based and authoritative healthcare references.

UpToDate – Concise recommendations for diagnosis, management and therapy. Some entries link directly to VisualDx. Users can earn CME credits.

VisualDx – Image-based differential diagnosis tool that is designed to help quickly identify diseases or conditions at the point of care. Users can earn CME credits.

Web of Science – Covers more than 12,000 high-impact journals in the sciences, social sciences, and arts and humanities, as well as international proceedings coverage for over 150,000 conferences.

Library Subject Portals

Clinical Evidence Resources Portal – Multi-resource directory of the Library’s best EBM resources, organized according to: diagnosis, guidelines & calculators, and electronic books & journals.

Clinical Reference Portal – Multi-resource directory of the Library’s clinical/patient care resources which includes online clinical textbooks, biomedical literature databases, and laboratory reference tools.

Grants Portal – Assists researchers and faculty in locating funding opportunities, developing protocols, and writing grants.

Mobile Resources Portal – List of UT Southwestern subscribed resources available on mobile devices for iOS and Android platforms.

App (Android & iOS)
