# “Where Can I Access My Library Resources?”

## Library Resources Pocket Guide

**ADVANCED PRACTICE PROVIDERS (APPS)**

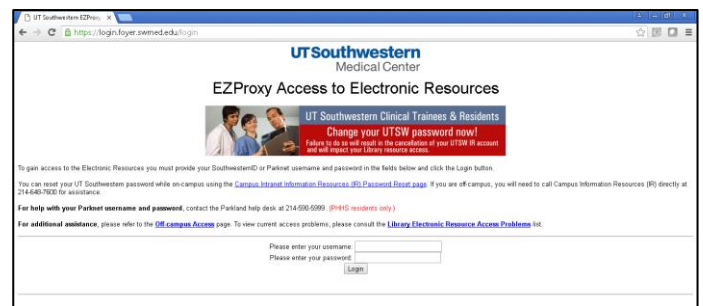

**Two Convenient Locations**  
South Campus Library (E2)  
North Campus Branch Library (NL3.252)

24/7 Badge Access  
Individual & Group Study Rooms  
(Reservations Available for **Group Rooms**,  
**Digital Media Production Studio**, and **3D Printers**)

## Off Campus Access via EZProxy

Use your UTSW username and password to login at the EZProxy page, when prompted.

## Contact Us

Ask Us Form on Library's Website  
[library.utsouthwestern.edu](http://library.utsouthwestern.edu)  
214-648-2001

**Library Services Include:**

- Academic Poster Support
- EndNote Support
- Interlibrary Loan
- Literature Searches
- Online Tutorials
- Training – Individual & Group

You must login to your UT Southwestern EZProxy account **every 90 days** to maintain uninterrupted access to Library resources including full text. Failure to do so may cancel your account and require departmental intervention to reinstate it.

## Key Library Resources App (Android & iOS)

 **AccessMedicine** – Includes textbooks (*Harrison's Principles of Internal Medicine and Current Diagnosis & Treatment*), multimedia library, differential diagnosis tool, reference tools, Lange's self-assessments, patient education, images, drug database, and cases.

**AccessObGyn** – includes textbooks, quick reference, drugs, multimedia, cases and review questions.

**AccessPharmacy** – includes textbooks, quick reference, drugs, multimedia, cases, study materials, NAPLEX® Review and patient education.

 **Board Vitals** – Helps practitioners prepare for licensing and certification exams.

 **CINAHL Complete** - Indexes over 5,000 journals, health care books, nursing dissertations, select conference proceedings, and standards of practice.

 **ClinicalKey** – Covers over 30 medical specialties and includes full text textbooks, full text journals, clinical procedure videos, drug information, point of care decision support, patient handouts and CME.

 **ClinicalKey for Nursing** – Evidence-based nursing monographs, books, journals, practice guidelines, CNEs, and core measures with nursing recommendations. Links to Clinical Skills.

**Cochrane Library** – Evidence-based systematic reviews, useful for clinical decision making.

**eAnatomy** – 6,700+ anatomic structures and 670,000+ translated medical labels. Available on web, iOS, & Android.

**Embase (Ovid)** – Contains over 31 million bibliographic records in peer-reviewed journals, including 2,900 unique titles not found in MEDLINE.

**EndNote** – Campus-supported citation management software organizes references and creates bibliographies accurately and efficiently.

**Funding Institutional** - Pre-award stage funding process support with access to current funding opportunities and award information.

**Influent** – An expertise profiling and research tool that helps users collaborate with researchers with shared interests and enables UT Southwestern researchers to demonstrate their activities to the global research community.

 **MEDLINE (via Ovid MEDLINE and PubMed)** – Major database of biomedical journal article citations. PubMed4Hh App is available for mobile devices.

 **Micromedex** – Comprehensive drug, toxicology, and patient education information. Includes NeoFax/Pediatrics, which provides evidence-based drug information for neonatal & pediatric populations. UT Southwestern Gold Standard.

 **Pronunciator** - Learn to speak, read, and write in more than 140 languages. ESL courses taught in over 120 home languages.

**PsycINFO (Ovid)** – Covers literature since 1987 in psychology and related disciplines.

**Scopus** – Largest abstract and citation database for research literature and peer-reviewed web sources in the physical, health, life, and social sciences. Covers journals from 1966 to the present.

 **STAT!Ref** - Intuitive full-text resource that enables users to cross-search and customize evidence-based and authoritative healthcare references.

 **UpToDate** – Concise recommendations for diagnosis, management and therapy. Some entries link directly to VisualDx. Users can earn CME credits.

 **VisualDx** – Image-based differential diagnosis tool that is designed to help quickly identify diseases or conditions at the point of care. Users can earn CME credits.

**Web of Science** – Covers more than 12,000 high-impact journals in the sciences, social sciences, and arts and humanities, as well as international proceedings coverage for over 150,000 conferences.

### Library Subject Portals

**Clinical Reference Portal** – Multi-resource directory of the Library's clinical/patient care resources.

**Evidence-Based Practice (EBP) Portal** – Multi-resource directory of the Library's best EBP resources.

**Grant Resources Portal** – List of resources to support researchers and faculty to locate funding opportunities, develop protocols, and write grants.

**Mobile Resources Portal** – List of UT Southwestern subscribed and selected other resources available on mobile devices.

**Nursing Portal** – Multi-resource directory of the Library's subscribed databases, ebooks, journals, and internet resources, including **free CNEs**.

### Getting to Full-Text Articles and Journals

Start at the Library's website to activate "Get Full Text" & "Find It!" icon links within databases to access full text, Interlibrary Loan (ILLiad), and Ejournals AtoZ.

Search **Ejournals AtoZ** to access current Library online journals.

### Finding Ebooks and Print Resources

Search the **Library Catalog** to access ebooks. Register for an Interlibrary Loan (ILLiad) account to request any items we do not own or are located at the UT/TAMU Systems Joint Library Facility (JLF).

### Access issue with an Ejournal or Ebook?

Use **Ask Us form**.
