Library Services for SHP Students

- Academic Poster Support
- Digital Media Production Studio with 3D Printer & Adobe Suite
- EndNote Support
- Interlibrary Loan
- Online Tutorials
- Training – Individual and Group

You must login to your UT Southwestern EZProxy account **every 90 days** to maintain uninterrupted access to Library resources including full text. Failure to do so may cancel your account and require departmental intervention to reinstate it.

Key Library Resources App (Android & iOS)

 **AccessMedicine** – Includes textbooks (*Harrison's Principles of Internal Medicine and Current Diagnosis & Treatment*), multimedia library, differential diagnosis tool, reference tools, Lange's self-assessments, patient education, images, drug database, and cases.

AccessObGyn – includes textbooks, quick reference, drugs, multimedia, cases and review questions.

AccessPharmacy – includes textbooks, quick reference, drugs, multimedia, cases, study materials, NAPLEX® Review and patient education.

 **Board Vitals** – Helps practitioners prepare for licensing and certification exams.

 **CINAHL Complete** – Indexes over 5,000 journals, health care books, nursing dissertations, select conference proceedings, and standards of practice.

 **ClinicalKey** – Covers over 30 medical specialties and includes full text textbooks, full text journals, clinical procedure videos, drug information, point of care decision support, patient handouts and CME.

Cochrane Library – Evidence-based systematic reviews, useful for clinical decision making.

Embase (Ovid) – Contains over 31 million bibliographic records in peer-reviewed journals, including 2,900 unique titles not found in MEDLINE.

EndNote – Campus-supported citation management software organizes references and creates bibliographies accurately and efficiently.

Funding Institutional - Pre-award stage funding process support with access to current funding opportunities and award information.

Influent – An expertise profiling and research tool that helps users collaborate with researchers with shared interests and enables UT Southwestern researchers to demonstrate their activities to the global research community.

JoVE (Journal of Visual Experiments) Science Education – PubMed peer reviewed scientific video journal focuses on basic methods in cellular and molecular biology, general laboratory techniques, and the essentials of biology through simple, easy to understand video demonstrations.

 **MEDLINE (via Ovid MEDLINE and PubMed)** – Major database of biomedical journal article citations. PubMed4Hh App is available for mobile devices.

 **Micromedex** – Comprehensive drug, toxicology, and patient education information. Includes NeoFax/Pediatrics, which provides evidence-based drug information for neonatal & pediatric populations. UT Southwestern Gold Standard.

Premier Human Anatomy Package (Primal Pictures) - detailed views of the human anatomy at various anatomical levels. Interactive MRI and self-guided quizzes.

 **Pronunciator** - Learn to speak, read, and write in more than 140 languages. ESL courses taught in over 120 home languages.

PsycINFO (Ovid) – Covers literature since 1987 in psychology and related disciplines.

Scopus – Largest abstract and citation database for research literature and peer-reviewed web sources in the physical, health, life, and social sciences. Covers journals from 1966 to the present.

 **STAT!Ref** - Intuitive full-text resource that enables users to cross-search and customize evidence-based and authoritative healthcare references.

 **UpToDate** – Concise recommendations for diagnosis, management and therapy. Some entries link directly to VisualDx. Users can earn CME credits.

 **VisualDx** – Image-based differential diagnosis tool that is designed to help quickly identify diseases or conditions at the point of care. Users can earn CME credits.

Library Subject Portals

Clinical Reference Portal – Multi-resource directory of the Library's clinical/patient care resources.

Evidence-Based Practice (EBP) Portal – Multi-resource directory of the Library's best EBP resources.

Grant Resources Portal – List of resources to support researchers and faculty to locate funding opportunities, develop protocols, and write grants.

Mobile Resources Portal – List of UTSW subscribed and selected other resources available on mobile devices.

SHP Student Portal – Links to Library resources and services to support academic/clinical/patient care activities.

Getting to Full-Text Articles and Journals

Start at the Library's website to activate "Get Full Text" & "Find It!" icon links within databases to access full text, Interlibrary Loan (ILLiad), and Ejournals AtoZ.

Search **Ejournals AtoZ** to access current Library online journals.

Finding Ebooks and Print Resources

Search the **Library Catalog** to access ebooks. Register for an Interlibrary Loan (ILLiad) account to request any items we do not own or are located at the UT/TAMU Systems Joint Library Facility (JLF).

Access issue with an Ejournal or Ebook?

Use **Ask Us form**.
